THE ICE BATH REVOLUTION

The COOL POOL LITE PENGUIN is a cooling tub with a DROP-STITCH construction, designed for athletes and fitness enthusiasts who want to enjoy an ice bath. Thanks to its construction, it is both sturdy and lightweight, making it easy to transport and store. It is made from high-quality materials, ensuring excellent thermal insulation and stable immersion. It is easy to set up and maintain.

- **Compatible with cooling devices & ice cubes:** A versatile cooling tub that can be chilled with ice cubes or a cooling device. By connecting a cooling device to the tub via a D32 mm connection kit and plugging it into an electrical outlet, the water can be cooled to 3 °C, eliminating the need to purchase 50 kg of ice for each bath.
- **Quick and easy setup:** inflate the pool in less than 5 minutes for hassle-free, immediate use.
- **Drop-Stitch technology:** high-pressure inflation ensures exceptional stability and rigidity.
- **Complete accessory pack:** includes heat pump Poolex Mag 4 kW Reversible, inflation pump, carrying bag, thermocover, connection kit, repair kit, and a complimentary antibacterial cartridge.
- **Optimal insulation:** maintain your desired water temperature thanks to innovative materials and the thermocover.

BENEFITS OF REGULAR HARDENING UP

Body

- Muscle Recovery
- Reduction of Inflammation
- Improved Circulation
- Pain Relief

Mind

- Stress reduction
- Improved self-confidence
- Improved mood
- Better sleep
- Concentration and mental clarity

DROP-STITCH TECHNOLOGY

This is a construction method used for inflatable products. Between two layers of material, there are vertical fibers that maintain shape when inflated, providing increased strength and stability. This technology enables the creation of durable inflatable products that are both lightweight and easily portable while withstanding high pressure.

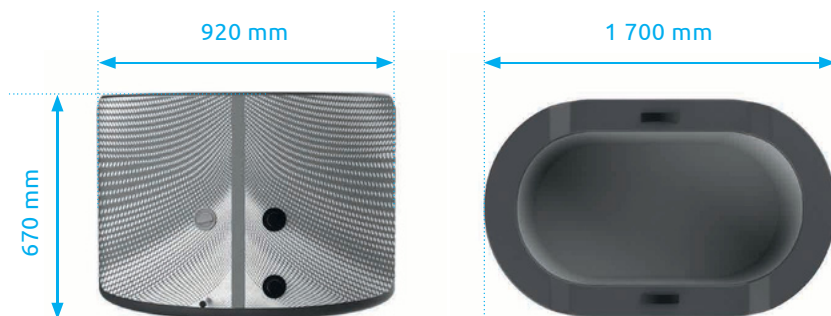

COMPLETE PACK INCLUDED

Enjoy it now!

- Inflatable bathtub
- Heat pump Poolex Mag 4 kW Reversible
- Inflation pump
- Antibacterial cartridge (compatible with chiller & circulation pump)
- D32 mm connection kit
- Thermocover
